

Abraham and Sarah

GENESIS 15:1-12, 17-18;
17:1-7, 15-16; 18:1-5; 21:1-7

This week's theme is **COVENANT**. Stars in the sky remind us that we are part of the covenant that God made with Abraham. We all belong to one big family that God will love forever.

Seeing God's Promise

Think about things you see at home, at church, or in creation that are signs of God's love. Write or draw each one on a sticky note. Put them in different rooms in your home as reminders that God's love for us will never end.

Hoping for a Baby

Abraham and Sarah were childless for most of their life. God promised that they would have a family. Some people are hoping for a child but do not yet have one. How could your family support these people? Saying prayers for them is a great place to start.

Abraham's Big Family

Take pictures of family, friends, neighbors, and church members. Cut out a large heart from poster board and fill it with the pictures. Display the heart in your home as a reminder that we are all part of Abraham's family.

Stargazing

Go outside to gaze at stars on a clear night, or do it from your home using a virtual online planetarium. Count as many stars as you can. Take turns naming different shapes you can make by connecting them.

Bouquet of Stars

Trace star shapes on yellow paper, cut them out, and decorate them with glitter. Attach a chopstick to the back of each one for a stem. Place in a vase to use as a centerpiece for your table.

Promise Keeper

Use glow-in-the-dark markers or crayons to write "God keeps promises" on index cards. Put one in your bedroom to read each night before you go to sleep. Make extra cards and mail them as postcards to family or friends who live farther away.

Twinkle Remix

Sing "Twinkle, Twinkle, Little Star" together. Using the same melody, create a new version to tell today's story. Share your song with friends to tell them about God's covenant with Abraham.

This week
our family is praying for ...

Abraham and Sarah

COVENANT
